

ROOT CAUSES NETWORK

The Network provides permanent infrastructure to build the capacity of human service nonprofits to advance inclusive and community-centered policy.

Member Benefits

Bi-monthly hybrid meetings bringing together direct service nonprofits and policy/organizing groups

Access to our comprehensive civic engagement resource library

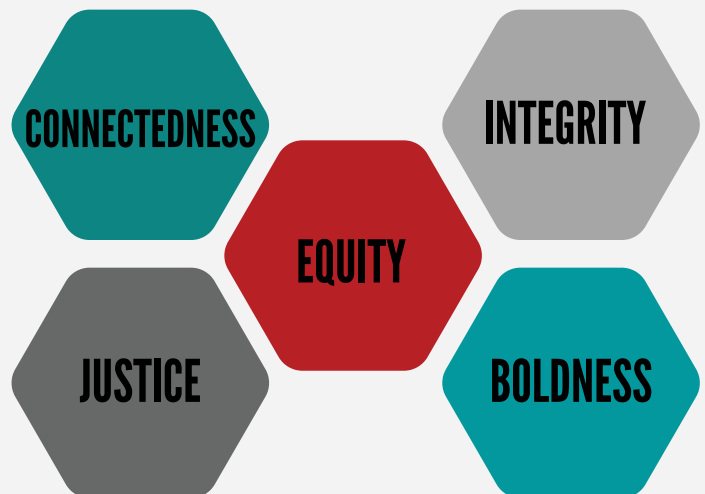

Customized coaching support around voter engagement strategies

BRIDGING THE GAP

Despite shared goals, human service nonprofits are often disconnected from policy and organizing groups, resulting in policies that do not fully reflect community needs.

To strengthen the power and influence of human service nonprofits and their constituents, there must be a network of support providing resources, training, and relationship building to move their advocacy work forward.
