

ROOT CAUSES NETWORK

The Network provides a permanent infrastructure to build the capacity of human service nonprofits to advance inclusive and community-centered policy.

Member Benefits

Regular meeting space to advance advocacy skills and knowledge.

Opportunities to inform, influence, and participate in statewide public policy efforts.

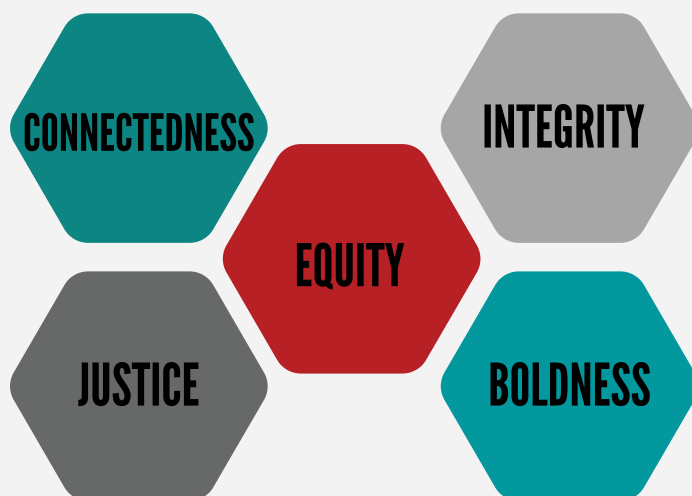

Increased influence and power of within the policy and organizing landscape.

BRIDGING THE GAP

Despite shared goals, human service nonprofits are often disconnected from policy and organizing groups, resulting in policies that do not fully reflect community needs.

To strengthen the power and influence of human service nonprofits and their clients, there must be a network of support providing resources, training, and relationship building to move their advocacy work forward.
